OPTIMA Investigator Meeting:

Slides now available

Many thanks to everyone who attended the recent meeting in London. The Slides are now available on the OPTIMA website, via the below link.

CRF completion

Many thanks for all of the data that you have completed and sent to us so far. Please remember to keep sending in your completed CRFs via email or post (not both).

Email CRFs securely to: **OPTIMA@warwick.ac.uk**

It's a great help if you put the patients trial number (TNO) and what it is (i.e. Which CRF) in the subject line of the email, so that we know who to flag it to. Please also check that there is **no patient identifiable information** in any emails sent to us.

Don't forget that all OPTIMA prelim and OPTIMA main patients should be followed up annually for 10 years from the date of consent.

Overdue CRFs and Queries

We are in the process of contacting Sites to let them know what CRFs we are expecting, and an update on ongoing queries. Thank you for your ongoing patience.

OPTIMA Merchandise

We have (unfortunately!) sold out of OPTIMA Koalas, which were developed in celebration of Australia coming onboard... we do still have plenty of OPTIMA Lanyards, pens and sticky notes though!

Please get in touch if you would like some for any upcoming meetings, or just in general!

OPTIMA International

We are extremely excited to inform you that Thailand have now opened to recruitment into OPTIMA.

The Queen Sirikit Centre for Breast Cancer—King Chulalongkorn Memorial Hospital—is located in Bangkok, and the team are hoping to hit the ground running!

OPTIMA is now open in

119 UK Hospitals

10 Hospitals in Norway

1 Hospital in Sweden

38 Hospitals in Australia

1 Hospital in Thailand

What an amazing achievement! Thank you to all of the hospitals taking part.

You are part of something BIG.
