

Newsletter July 2024

Optimal Personalised Treatment of early breast cancer using Multi-parameter Analysis

Recruitment update:

In June, 44 **new participants** were recruited into OPTIMA

Total recruitment to date:

OPTIMA Main - 4006 participants

OPTIMA prelim - 412 participants

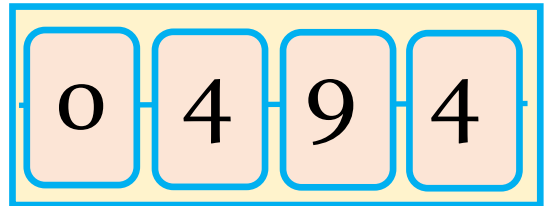

We are excited to inform you that we have now reached

4000 participants

recruited into OPTIMA Main!

We could not have reached this milestone without the great work from **all** of our OPTIMA sites, across the UK and internationally, but a special **congratulations** goes to **Dr Kalsoom Awan** and the whole research team at **Forth Valley Royal Hospital** for recruiting our 4000th OPTIMA Main patient!

Recruitment countdown:

TOP TIPS

for Tissue Transit Documents

Together with the central lab, we have come up with a list of the most common queries relating to the Tissue Transit paperwork (i.e. Tissue Transit form and Pathology reports).

1. **We require TNO (trial number) and patient initials written on every page of the Pathology reports.** This is so we are assured the reports are for the correct patient.
2. **Ensure that all reports are fully redacted.** We are not permitted to receive any patient identifiable information.
3. **Please ensure that you send copies of all histology reports.** This includes the core biopsy report and reports for any axillary management. This is critical for eligibility checks.
4. **Check you're using the right version of the Tissue Transit form.** The current version for UK Sites is v10.0.

E-mailing OPTIMA: Subject Headers

When you are e-mailing us regarding a participant please can you make sure that the four digit trial number is included in the subject header. This will help to ensure your message is directed to the correct team member.

Many thanks!

Overdue CRFs

A friendly reminder to make sure that you have sent all of your completed CRFs to us via email.

This includes Annual Follow up Forms which should be completed for all **OPTIMA Main** and **OPTIMA prelim** participants annually, at the anniversary of trial entry (consent), for 10 years.

Patients are also required to complete questionnaires at various points in the trial. If the patient is not able / willing to complete these, please let us know as we can mark these as "unobtainable".

BANK HOLIDAY REMINDER

A friendly reminder that the trials unit will be closed on **Monday 26th August 2024** for Summer Bank Holiday.

Allocations will be expected on Tuesday 27th August, provided there are no unexpected delays.
