

# Newsletter December 2024

Optimal Personalised Treatment of early breast cancer using Multi-parameter Analysis

## Recruitment update:

In November, **40 new participants** were recruited into OPTIMA.

**Total recruitment to date: 4651**

OPTIMA Main - 4239 participants

OPTIMA prelim - 412 participants

## Recruitment Countdown:

0 2 6 1

## Lunch With OPTIMA

Please join us in the New Year for two 'Lunch With OPTIMA' sessions, focusing on a clinical update from Professor Andreas Makris following SABCS.

This will take place on Tuesday 14th January 2025. Dial in details will be circulated in due course.

## OPTIMA YOUNG

You may have seen in the recent Investigator letter that we have announced the OPTIMA-Young study.

Further information will be circulated in the New Year, but we plan to allow UK recruitment into OPTIMA as part of this project, following a protocol amendment.

We will let Sites know as soon as we know more about OPTIMA Young, so keep an eye out for information regarding OPTIMA Young set up and recruitment! As a reminder, **OPTIMA Main UK recruitment will close on Friday 10th January 2025.**

On behalf of the whole OPTIMA trial team, thank you for all your hard work

in support of the OPTIMA trial over the past year!

**We wish you a merry Christmas and a Happy New Year**

## CHRISTMAS TIMELINES

Please be aware the Randomisation Service will be **closing at 5pm on Monday 23<sup>rd</sup> December 2024** and will reopen at **9am on Thursday 2<sup>nd</sup> January 2025.**

You **won't** be able to randomise any patients using the randomisation phone line between these dates.

Any voicemails left during this time will be responded to once the unit reopens on Thursday 2<sup>nd</sup> January.

**UK randomisation will close at 5pm on Friday 10<sup>th</sup> January 2025.**

**No patients can be randomised following this.**

The Central Lab (HSL-AD) timeline will be altered slightly in December, and there have been 2 additional runs added to the start of 2025 to allow patients recruited over the Christmas period to be included in the trial.

### Last processing run in 2024

**Start:** Wednesday 18<sup>th</sup> December

**Allocation:** Monday 23<sup>rd</sup> December\*

Any Samples received after this cut off will be allocated in 2025.

### Last UK processing run of OPTIMA-Main

**Start:** Wednesday 15<sup>th</sup> January

**Allocation:** Monday 20<sup>th</sup> January\*

*\*As always, there is a small chance of unexpected delays which can occur without notice. If this happens, we will keep sites as updated as possible, but please bear this in mind when booking patients in.*

Post deliveries to the central laboratory are expected to be received largely as normal over the Christmas period. **Remember to post your sample well in advance to ensure that it makes the processing run.**

Samples posted after Monday 13<sup>th</sup> January are **not** guaranteed to make it to the HSL-

AD processing lab the last UK processing run of OPTIMA-Main. We would recommend posting your final samples on Friday 10<sup>th</sup> January.

If you would like to discuss the likely timelines for any patients you are screening for OPTIMA over the next couple of weeks please do contact us and we will be happy to help.
