WHAT WILL 2023 BRING...

Looking back on the last 12 months, I think we can all agree that we hope 2023 will be a little more 'normal'... but that doesn't have to mean boring...!

In OPTIMA, we are expecting a lot of exciting things including: reaching our 70% recruitment milestone, international Investigator Meetings, further international expansion and lots more promotion to support our teams and help OPTIMA to achieve the publicity it deserves.

So, keep an eye out for exciting developments... we have lots of things planned!

SENDING PATHOLOGY REPORTS

Please ensure that copies of **all** pathology reports are emailed to optima@warwick.ac.uk and sent to HSL-AD alongside the tumour block.

One of the most common queries is requesting copies of additional reports i.e. core biopsy or axillary node clearance reports.

Please remember to send copies of **ALL reports**, to minimise these queries ☺
